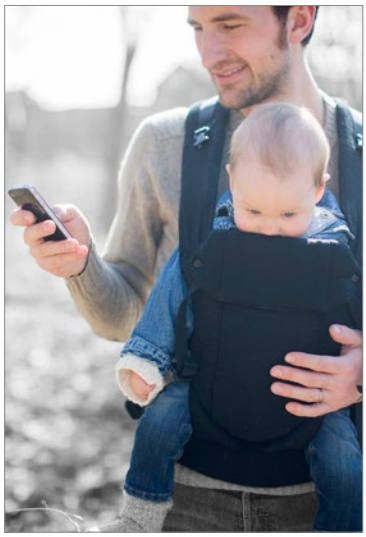
Honeywell | Security and Home Control

# Your Gateway to a Smarter Home

Lyric™

Life in tune.



# Honeywell Lyric™

## Security. Comfort. Life. Perfectly connected.

You don't operate on a fixed schedule. Why should your home? Lyric is designed for how you really live, with a wireless connected platform that makes your home safer, smarter and more enjoyable. Individually, each product performs brilliantly. Together, they're a way to orchestrate life.

No schedules, no programming, and no complex menus—simply security and comfort when you're home, and savings when you're away. Welcome to your connected home.

*Some images may be for illustrative purposes only.*

*Can be placed on a desk or counter top at a 30 or 60 degree angle or mounted on virtually any indoor wall.*

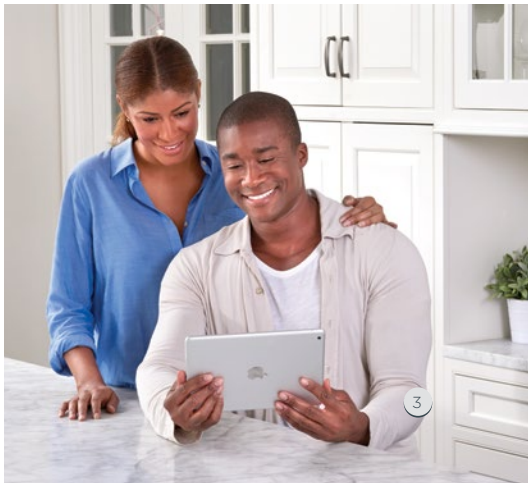
# Lyric™ Gateway

## You're in Control

With Lyric Gateway, you can enjoy easy, affordable, automatic control of security, garage doors, locks, lights, thermostats and more—without having to remember to do them. Or, just control things from your everyday mobile devices or a sleek, easy-to-use interface whenever you want. The only limitation is your imagination.

### Control at Home

Think you forgot to turn off your porch lights while watching a movie? Just check your mobile device. You can also control Gateway directly on the sleek, easy-to-use interface, which blends with any decor. It works via cellular, Wi-Fi® or Ethernet, with a flexible design that lets you place it virtually wherever you want in your home and take it with you if you move. There's even a battery and radio you can replace yourself—saving time and money.



# Lyric™ Wireless Family

## Whole-House Protection

Lyric works with sensors featuring Honeywell SiX™ two-way wireless technology—enhancing the effectiveness of your security system and providing you with complete, whole-house protection. Stylish and unassuming, they preserve the beauty of your home while protecting it.

### Smoke Detector

Provides the ultimate protection of life and property and can be professionally monitored 24/7. When one detector sounds, they all do—helping to ensure you're notified wherever you are in your home.

### Door/Window Sensor

Low-profile devices provide superior protection for doors and windows.

### Motion Detector

Can detect an intruder's movement while letting pets up to 80 lbs. move freely about your home.

### Glassbreak Detector

Listens for the sound of breaking glass and provides an excellent first line of defense against intruders.

### Siren

Alerts you to alarm conditions with a loud siren and a bright, flashing colored strobe light.

### Two-Way Wireless Key

Provides easy, fingertip control of security, lights and other devices and visually indicates system status with a bi-color LED.

# Voice Guidance

## We're Talking Technology

Lyric™ provides friendly, informative voice guidance—making operation simple by walking you through each and every step. Say hello to convenience.

# Smart Scenes

## Savings, Comfort and Control

Lyric™ makes it easy to automate scenes for energy savings, comfort and security. Leaving for the day? Your lights can go off, the garage door can lock and the thermostat can adjust itself to a more economical setting. Unlock the front door for the babysitter or dog walker at the same time every week, have the lights turn up as the sun goes down and always enter a comfortable, well-lit home.

### Reinventing the Round®

In 1953, Honeywell forever changed thermostats with the introduction of the Round. More than 60 years later, we've come full circle—reinventing the round thermostat with Lyric. It features the same iconic shape with a sleek, modern look and smart technology to make your home more comfortable and energy efficient.

# Mobile Control

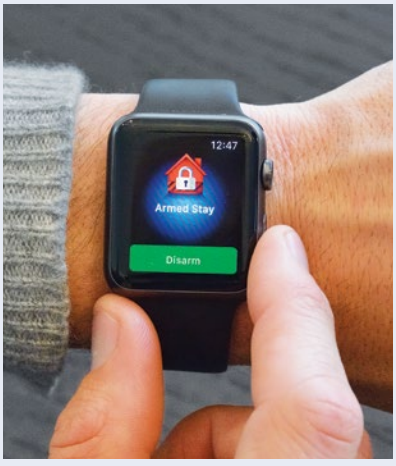
## Any phone. Any tablet. Anywhere.

Lyric™ turns your smartphone into a smart home—whether you're across the street or across the world. Enjoy easy, app-based control of security, thermostats, lights, locks, garage doors, cameras and more, and get iOS push notifications and real-time text, email and video alerts when important events occur. It's the smartest way to stay connected.

### Stay on Track

GPS tracking* puts you in the driver's seat, letting you keep tabs on your vehicles, valuables—even teenage or elderly loved ones on the road.

*Available in U.S. only.



### Time for Convenience

Want to control your security system right from your wrist? Our Apple Watch® app offers you at-a-glance visibility into what's happening in your home—even without a smartphone.

# Video

## Picture the Possibilities

Who says you can't be everywhere at once? View live video on the go and see what happens the instant it happens on your smartphone or tablet. Whether you want to peek in on your pets, check up on your parents, keep up with your kids or just keep them close, Lyric™ puts peace of mind in the palm of your hand.

### Real-Time Video Alerts

Customize alerts by time, day or motion detection so you only see what you want to see. Know if a delivery arrives, view who comes and goes and see what's going on when you're not there.

### Camera Viewing

View up to six indoor or outdoor cameras at a time on your mobile devices—a great way to keep an eye on your family and home wherever the day takes you.

# Apple TV®

## Your home. Your family. Your life. Now playing on a TV near you.

Would it be convenient to check on your baby from the comfort of your couch? How about seeing who's at the front door late at night without having to leave your bed? If you're an Apple TV owner, you can now look in on your home with live, streaming video feeds, review video events, move pan/tilt cameras, record video clips of current views and see live security system status 24/7 directly on your TV.

### Video Alarm Verification

Have video clips sent to your central station when an alarm is tripped—letting monitoring personnel look in, determine event severity and arm emergency responders with the information they need prior to arrival onsite.

### Video Doorbell

See, hear and speak to visitors at the front door—such as babysitters, dog walkers or relatives—and arm or disarm the security system and lock or unlock the door all from the same screen.

# Lyric™ Keypad

## Simple Protection

The Lyric Keypad enables easy, on-premises security system control for the ultimate convenience and flexibility. Sleek and stylish, it looks great on walls, tabletops or nightstands. Arm or disarm your system, summon emergency response and receive system status updates with sound and voice virtually anywhere in your home.

# 24/7 Monitoring

## You Sleep. We Don't.

You and your family can enjoy peace of mind 24 hours a day, seven days a week by having Lyric™ monitored by a central station. These highly trained professionals are always standing by, ready to send help to your home in the event of a burglary, fire, carbon monoxide event or other emergency.

**So, get some sleep. We'll be up all night.**
